

My name is Antonija. I'm twelve years old and I attend the 6th grade of Josip Kozarac school in Croatia. In my free time I play the guitar and draw. I love heavy music, old videogames and movies! My favorite subjects are art and music, but sometimes I also enjoy a non-fictional book.

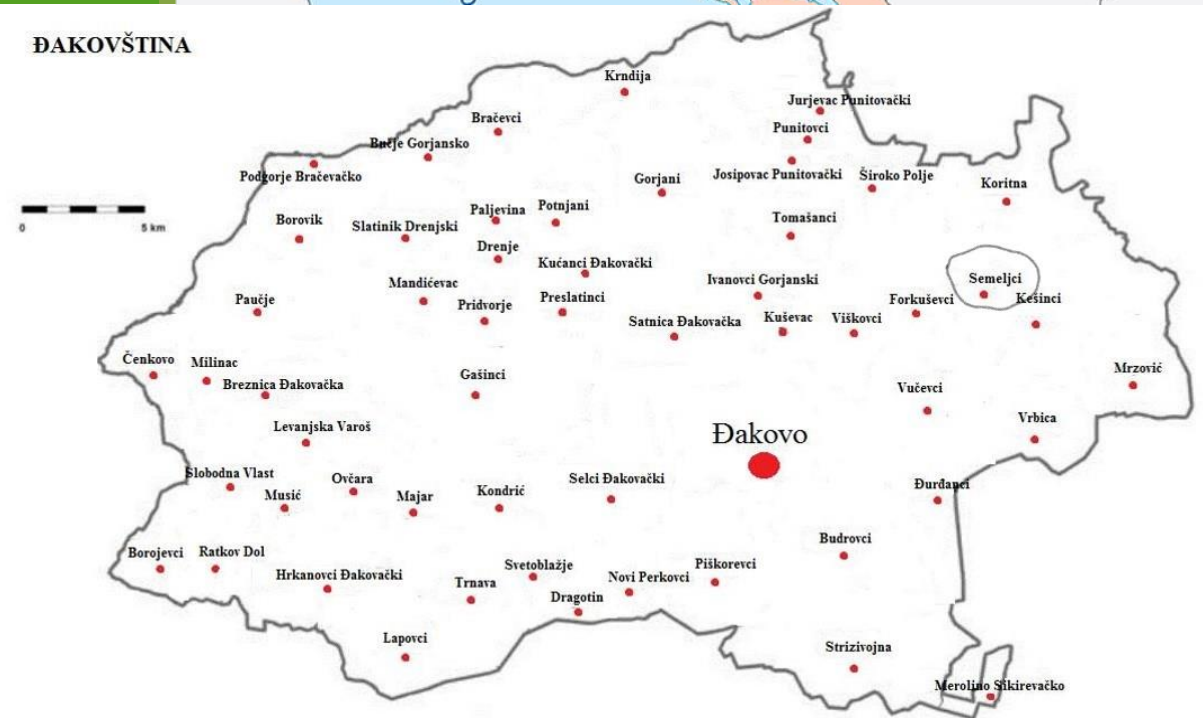

SEMELJCI

GEOGRAPHICAL LOCATION AND SIZE

- Our village is located in the northeast of Croatia.
- It is about 102m in elevation.
- It has 1285 inhabitants according to the 2011 census.
- The area of our village covers about 26 km².

This is our school with a little park in front, a playground and football field behind.

This is the centre of our village, where you can see cafes, supermarkets, a hair salon and fast food restaurants.

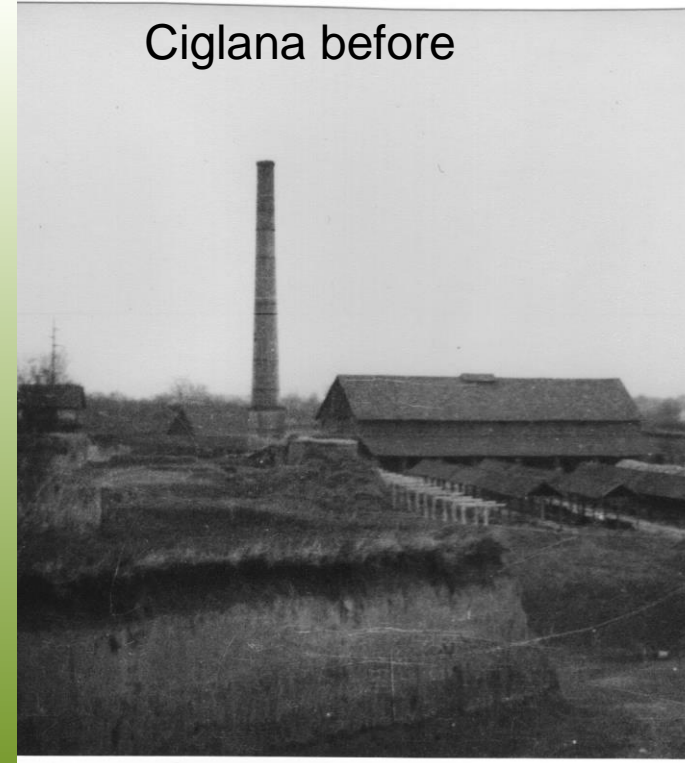

HISTORY AND NATURE

- The area of our village was once covered in swamps and streams.
- There are three theories about how the name Semeljci was created.
- According to one theory, the name changed a few times : svimeljci > svemeljci > semeljci > Semeljci.
